2013 U16 OHL Gold Cup

The U16 OHL Gold Cup is an annual event featuring Ontario's top Under-16 talent. This event will not only showcase Ontario's talent, but is an evaluation and selection process for the Team Ontario.

Taking place at the Sportsworld Arena in Kitchener from May 9 – 12, 2013, the future of Canadian hockey is on display as eight teams and 160 players representing the ALLIANCE, GTHL, HNO, NOHA, ODHA and OMHA battle for the Gold Cup.

As part of the revamped Hockey Canada Program of Excellence there is a transition to the U16 OHL Gold Cup from the Under-17 Regional Camps previously hosted by HNO, ODHA and OHF Member Partners. The change is to create a continuum of development through camps and competitions for the players in their selection and preparation to participate in the international events in the Hockey Canada Program of Excellence.

Team rosters will be announced at a Press Conference on

Tuesday April 16th, press conference details will be released closer to the date. Tickets for this 20 game event will go on sale Monday March 4th; tickets are limited and expected to sell quickly. For more information on the event, team selection and purchasing tickets, visit www.ohlgoldcup.com.

The Ontario Under 17 Program Policy Committee is pleased to announce Roger Hunt as the Head Coach of Ontario's Under 17 team through the 2013-15 seasons. Roger is currently an Assistant coach with the Oshawa Generals of the Ontario Hockey League.

Protective Equipment Do's & Don'ts

Protective equipment plays a crucial role in the prevention of injuries and as a hockey trainer, you and your coaches have a responsibility to advise parents and players regarding proper fit, protective quality and maintenance of equipment.

Three important factors should be stressed when evaluating hockey equipment: 1) that the equipment fits properly 2) that the equipment is in proper condition to provide effective protection and 3) that the equipment is properly maintained throughout its life span.

As a hockey trainer you should be aware of all official rules and policies pertaining to hockey equipment.

⇒ **Do conduct regular equipment checks throughout the playing season to ensure that players are properly and safely equipped at all times.**

⇒ **Do discard and replace any piece of equipment with a**

**Trainer's
Corner**

break or crack in its main structural surface (e.g. Helmet, shin pad)

⇒ **Do ensure that all equipment including hockey bags are washed/cleaned on a regular basis**

⇒ **Do practice good team hygiene by ensuring that all players and staff have their own water bottles.**

⇒ **Do be prepared by ensuring that you have extra supplies such as screws, fasteners, tape, laces and elastics and the presence of important tools like screw drivers, pliers, scissors, sharpening stones and a small hack saw.**

⇒ **Do not modify equipment in any way that reduces its protective quality.**

⇒ **Do not buy equipment to grow into because if it is too big it will slide away from the area that it is meant to protect.**
